
Form Instructions Form for Reviewer

Thank you for your valuable contribution as a peer reviewer for **MedPulse Spectrum**. Your feedback is instrumental in ensuring the quality and credibility of the manuscripts we consider for publication. Kindly follow these instructions to complete the review form:

1. **Manuscript Title and ID:** Please enter the title of the manuscript you are reviewing and the assigned manuscript ID (if applicable).
2. **Reviewer Information:** Provide your name, affiliation, and contact details.
3. **Review Criteria:**
 - a. **Originality and Significance:** Evaluate the manuscript's originality and relevance to the field. Comment on its potential impact on advancing knowledge.
 - b. **Content and Structure:** Assess the clarity, organization, and logical flow of the content. Comment on the appropriateness of headings, sections, and figures.
 - c. **Methodology and Results:** Evaluate the rigor of the study design, methods, and statistical analysis. Assess the presentation and interpretation of results.
 - d. **Ethical Considerations:** Alert us to any ethical concerns, such as plagiarism, data manipulation, or potential conflicts of interest.
 - e. **Quality of Writing:** Comment on the clarity, coherence, and conciseness of the writing. Highlight any language or grammatical issues.

4. **Reviewer's Summary:**

Provide a concise summary of your overall impression of the manuscript.
State whether you Recommend.

- Acceptance,
- Minor revisions,
- Major revisions, or
- Rejection.

5. **Detailed Comments to Authors:**

Offer specific, constructive feedback to help authors improve their manuscript. Highlight strengths, address weaknesses, and suggest areas for revision.

6. **Confidential Comments to the Editor:**

Use this section to communicate confidential comments to the editorial team. If you have concerns that should not be shared directly with the authors, please include them here.

7. **Conflicts of Interest:**

Disclose any potential conflicts of interest that could influence your review. If none exist, simply state "No conflicts of interest."

8. **Reviewer's Signature:**

Provide your electronic signature as confirmation of your review.

9. **Submission:**

- Once you have completed the review form, click the "Submit" button. Your feedback is essential in shaping the final decision on the manuscript.
- Your time and expertise are greatly appreciated. If you have any questions or need further assistance, please contact our editorial team at editor@jouex.com.
- Thank you for your commitment to advancing scholarly research and knowledge through your thorough review.
